

# USC - 1AX

## Continuously Ultrasonic Food Cutting Machine

This machine is suitable for small to medium fast-food factories; specially designed for portioning sandwiches, rolls, burritos into 2 pieces.

Length of this machine is customized to meet the other conveyors and station inside workspace.

### Flexible usage

It is possible to add different jigs to make flat half-cut or miter-cut. Even with meat or nuts, the cut surface is still perfect.

### Stable cutting performance

Work with Swiss-made ultrasonic generator and oscillation components, auto-tuning and energy-compensation functions are included. Long service life is guaranteed.

Frequency	20kHz/ 35kHz	Safety	CE
Safety	Emergency Stop buttons at proper distance Acrylic hood of cutting station	Power supply	200~240VAC x 1P x 50/60 Hz
Switches	Start, Speed and Emergency Stop	Pneumatic	5~8 kg/cm <sup>2</sup> (for optional parts)
Cutting area	Max. height: 10cm	Option parts	Blades in Various dimension, Fixing tools.
Dimension	W800x H1500x L2000(min.) mm	Weight	100kg ca. (Length 2000mm)

Additional technical information available on request.
